CAMPBELL'S QUALITY CLOTHING

## FOOTBALLERS WILL ATTEND

Big Smoker at the Union This Evening

### VARIED PROGRAMME

Boxing and Wrestling Bouts the Feature Events

To-night at eight o'clock the Toronto football team and supporters will be entertained at a smoker in the Union. Both the McGill and Varsity teams will be on hand as well as a large number of students, as an invitation has been issued to everyone who cares to attend. This smoker, which is the second of a series to be held every Saturday night promises to be the most successful ever held at the university. The programme besides being the best that has yet been put on at the Union, has some extraordinary features never before attempted here. Boxing and wrestling bouts by McGill crickers are the headline events on the card, while a brilliant array of local variety talent completes a programme which should provide a good evening's entertainment.

Besides the boxing and wrestling bouts there will be several songs and speeches. Free smokes will also be distributed.

Another innovation will be a quartette accompanied by a string orchestra. Members of both the McGill and Varsity teams will address the gathering on the subject of the afternoon's battle, and these speeches will no doubt be of a most interesting character, coming from the men who will have actually taken part in the game.

As a record crowd is anticipated extensive arrangements have been made to accommodate everybody and no trouble is therefore likely to be caused through overcrowding. The Union committee, however, are advising all who intend to come, to arrive early in order to be sure of a place.

## OWNERS OF LOCKERS MUST PAY UP AT ONCE

Unless Lockers Are Paid For Immediately They Will Be Cleared

That the money stringency is by no means a myth is exemplified by the fact that there are several lockers in the Union in use which are not yet paid for. A notice has been posted to the effect that unless immediate action is taken the lockers will be cleared.

This notice is posted by the secretary. An interesting legal point thus comes to light. Many students (who would be affected by the notice) will likely raise the point that the secretary has no jurisdiction over the lockers, and that the notice should be signed, dated and posted by the president. That the matter will be brought before the students' council at an early date is probable.

## PROBABLE LINE-UP

McGill	Flying Wing	Varsity
N. Williams	Right Half	Gage
Woollett	Centre Half	Maynard
Brophy	Left Half	McKenzie
Draper	Quarter	Lindsay
Montgomery	Scrimmage	Campbell
MacLean	Inside Wings	McDonald
Lee	Middle Wings	Blackstock
De Muth	Outside Wings	McDowell
Hughes	Inside Wings	Cory
Donnelly	Middle Wings	Cassels
Waterous	Outside Wings	German
Lemay	Scrimmage	Pearce
Laing	Scrimmage	Sinclair
Abbott	Scrimmage	Reaume

Officials: Phil MacKenzie, Referee; Ben Simpson, Judge of Play.

McGill substitutes: Paisley, Jeffrey, Ross and Gendron.

Varsity substitutes: Carr, Milne and Storms.

## SOPHS. BLACK FRESH. FACES

Underclassmen in Hand to Hand Conflict Yesterday

### NO POLICE TROUBLE

Homeward Parade Is Conducted Quietly—No Damaged Heads

As has been the custom for many years on Sports Day the Freshmen and Sophomores had their annual run at the M.A.A.A. grounds yesterday afternoon. Judging from the number of prisoners, and the condition of the Freshmen in general, the Sophomores had much the best of the fracas, though it must be said for the freshmen that they put up a game fight.

Early yesterday morning the Second Year men were out at the grounds making preparations for the reception of their lately arrived confreres. During the week the Sophomore leaders had collected a considerable sum of money and with it they purchased enough whitening to make three hundred gallons of whitewash as well as a dozen or so of pairs, brooms, mops, tin dippers and other implements for applying the whitewash. About twenty pounds of strong rope was secured and cut into suitable lengths for tying up the freshmen, and each Sophomore was given a supply.

All the pregnant parts of the grounds were fortified and barrels of whitewash were put at all their points to say nothing of over ripe tomatoes and apple cores. Men were stationed on the roof and at other good points of vantage.

(Continued on page 2.)

## GAME TO-DAY MUST BE WON

McGill's Chances Look Good on Eve of Struggle

### MAYNARD WILL PLAY

Several New Men on Red and White Team

The McGill team had a light signal practice yesterday afternoon at which Shagnessy put the men through what might be termed a smoothing-off process. The plays worked well and all the men answered to their signals in good style. Montgomery has been holding many serious talks with the coach during the week and as a result it will be surprising if the right play is not used at the right time in today's struggle.

There will be several men on the team today who will be making their first appearance in senior company. These men will be anxiously watched by the Red and White's supporters; but the fans have such faith in Shag's judgment that they will be sure that these new men can be relied upon.

Abbott will probably start at left outside for McGill, and in him Shag has one of the surest tacklers in the squad. John has been flying wing on the second team and his tackling has been a feature of that team's play all this season. Donnelly will be at left inside wing. Joe is a strong backer and ball carrier and can be counted upon to gain yards every time he is given the ball. Woollett will be on the back division, at the start of the game anyway. If Herb can only play as well as he did in the latter part of the game in Ottawa last year against Varsity, he will be a star. The rest of the team will be the same as that which defeated Queen's so badly last Saturday.

Paisley is in the hospital and will remain there until just before the game when he will come down and get into his uniform. Pea's services may be needed and Shag has decided that the best thing to do is to have him ready for emergencies. Paisley is still far from well and only the absolute need for his services will force the coach to use him today. Chuck Waterous has quite recovered from his recent trouble and is as ready as ever to tear across Varsity's line for a touchdown. Taken as a whole the McGill team is as strong as it was last Saturday and the fans can look forward to a struggle this afternoon in which if McGill does not win they will know for a certainty that Varsity are stronger than in former years.

The Varsity team are staying at the Ritz and have twenty-nine men in their squad, over two teams. Maynard will be in the game this afternoon; but the make-up of the rest of the Toronto back division is very indefinite. Carr is suffering from an injury received in practice during the week. MacKenzie is also not at the best of condition. It would not be at all surprising to see Milne, Sheehy, Lindsay, Carr and MacKenzie, all figure on the Varsity back division during the game. Gage will be at flying wing and probably will do most of the line plugging for the Blue and White. The Varsity wing line

## ATHLETIC ASSOC. HOLDS MEETING

Resolutions Passed Regarding Soccer Club and C.O.T.C.

At a meeting of the athletic association the following resolutions were passed:

That the soccer club be allowed practice hours on the east campus on Mondays and Wednesdays and from 4 to 5 on Friday, on the west campus.

That C.O.T.C. be given permission to enter a team in the city indoor baseball league and that they pay their own entry fee if any.

That the athletic association recommend that the English and Scots' soccer clubs be allowed the privilege of the track on Wednesdays and Thursdays.

A committee was also appointed to draw up the inter-year and inter-class football schedule, men who have played on the first and second teams will not be allowed to play in these games.

It was also decided to get out a new hand book with the new athletic and "M" rules.

In regard to these rules it was thought that the attention of the students should be drawn to the fact that no student is allowed to take part in any outside athletics without the permission of the athletic association.

## MANY EXCITING AND CLOSE CONTESTS AT ANNUAL INTER-YEAR SPORTS MEET

One College Record Broken, But Conditions Were Unfavorable for the Setting up of New Marks

### FRESHMEN ATHLETES WIN GREATEST NUMBER OF POINTS

Cushing, All Around Champion, Scoring Fourteen Points—Splendid Races Run in Three Mile, 440 and 220—Hillier Makes Good Time in 100 Yard Dash

The annual inter-year sports, which were held yesterday afternoon, were a great success. All the events were run off promptly and without a hitch, something that helps greatly to make an athletic meet pass off well.

The first year were victorious, their representatives scoring the greatest number of points. The final standing of the four years was:

1. Freshmen . . . . . 41 pts.  
2. Juniors . . . . . 28 pts.  
3. Sophomores . . . . . 21 pts.  
4. Seniors . . . . . 21 pts.

The track was in splendid condition and very fast. All the athletes were very pleased with the conditions at the M.A.A.A. The weather was a trifle chilly, which was rather a handicap to the sprinters as they were unable to do their best under such climatic conditions. There were no heats run in any of the races except the 120 hurdles, but if there had been the men would have had a much better chance to make better times, as the heats would have warmed the men up.

The feature of the day was the breaking of the college record for the 16-lb. hammer throw, by Macdougall. Big Mac threw the weight 122 ft. 8 inches, beating the former college record by practically six feet. In all his three throws in this event yesterday Macdougall bettered the former best distance which had been done at McGill. His first throw was 120 ft., his second, 122 ft. 6 ins., the new record, and his third, 118 ft. 10 ins. The intercollegiate record for this event is 129 ft. and was set by Phillips, of Varsity, at last year's intercollegiate meet.

The most exciting and best race of the afternoon was the three mile event in which Cambridge, after running second for practically the entire distance, overtook and beat out Gerrie who had been leading. Up till the last quarter of the last lap it appeared very much as if Gerrie was going to come in an easy winner. At about two hundred yards from the finish, Cambridge, who was then about fifteen yards behind Gerrie, suddenly eventually won the race by about ten

yards. Cambridge is a sophomore and at about seventy-five yards from the finish he overtook Gerrie and started to rapidly increase his pace.

### YESTERDAY'S SPORTS

ERIC CUSHING, All-round champion at yesterday's meet. He won one first and three seconds.

The quarter mile was another race which provided plenty of excitement. Hovey got off to a good start and led the field for about a hundred yards when all at once Dougall, the long, thin man from Macdonald College, dashed to the front, setting an awful pace. Dougall placed quite a distance between himself and Hovey before the pace began to tell upon him. Hovey, who had run a very heavy race, was able to produce enough speed to overtake the Macdonald entry and broke the tape, a winner by several yards. Dougall was second and Fraser third.

The finish of the 220 was very close and it was several minutes before it was possible to decide just who had won. Fraser, who was eventually given to Fraser, and Legault whom many of the spectators thought had won the race, was awarded second place.

There was very keen competition in the high jump and although the height, 5 ft. 5 ins., which Cushing did, is hardly enough to beat Toronto, nevertheless, it is very good. Cushing even though he cleared the bar at the best height, he was not the winner as it was in jumping off for second place against Evans that he cleared the bar at this height. Dougall, of Macdonald College, won the event, being the only man able to clear the bar in three attempts at 5 ft. 4 ins. He is a very tall, slight man and jumps in a peculiar fashion, but very neatly. Cushing was second and Evans third.

In the 100 yards dash Hillier won, although he got off to a poor start. He is a nice runner and his time, 10 2-5 secs., is very good. Hillier is used to running in warmer weather and will be better when he becomes more used to this chilly climate. Heron was second and Legault third in this event, the finish of which was very good.

The mile was won in fine style by Cromlie who crossed the finish a winner.

## TO LIMIT OUTSIDE WORK OF WOMEN

Low Standings Reduce Rights at  
Michigan

Ann Arbor, Oct. 17.—Beginning this semester women at the University of Michigan will be restricted in the number of campus activities in which they participate. All activities are tabulated each counting a specific number of points, of which no woman may carry more than 10 at one time or more than 12 points a semester. Card index files will be kept, and all the women taking part in campus affairs, so that no infringement of rules will occur.

No woman who has received two D's or one E the preceding semester may carry over five points of outside work. A standing lower than this will allow the student to carry one point. Although eligible women may carry 12 points a semester, no one is allowed more than 22 points for one scholastic year.

Activities once undertaken and recorded may be exchanged for others with the permission of Dean Myra B. Jordan and the executive committee from which the woman wishes to resign. The card index record is to be in charge of three women students and a member of the non-athletic committee, and shall be under the direct authority of the entire non-athletic committee.

The object of the women's league in adopting this plan is threefold: to more evenly distribute the honors of the campus; to more efficiently fill the offices; and to raise the scholarship average of league members.

Listed at the top of the scheme is the presidency of the women's league, which counts seven points, followed by the class vice-presidencies at six points. The leading woman's part in the Comedy club is rated at four points, other activities decreasing in proportionate value.

dence for his all too limited Montreal engagement.

"The Second in Command" has been selected for the opening bill playing Monday, Tuesday and Saturday evenings and Thanksgiving Day matinee. W. W. Jacobs' sprightly and quaintly humorous stage compilation "Beauty and the Beast" for Wednesday and Thursday nights and Wednesday matinee, Mr. Maude's support is doubly interesting from the fact that his leads will be played by his beautiful young daughter, Margaret Maude, who, it is said, is a reincarnation of her mother, Winifred Emery's own youthful loveliness and talent; Lennox Pawle, who has become decidedly popular on this side of the water for his clever work in "The Millionaire" and "The Girl in the Red Velvet Shoes," returns with Mr. Maude. Other popular London players in the cast are Montague Love, John Harwood, Edward Chamberlain, Hunter Nesbit, and the Misses Mary Mason, Lena Halliday, Margaret Swallow, and Emma Chambers. The extremely heavy advance sale indicates that Mr. Maude's short visit in Montreal will be a highly successful one.

WITHIN THE LAW AT THE PRINCESS.

WHEN THE BLIND "SAW" WITHIN THE LAW

While "Within the Law" the intensely interesting play of the blind men in New York, which lasted a year at the Eltinge Theatre, the management decided to give a special performance before the blind of New York City and this charitable charity was carried out with the aid of the Matilda Ziegler Magazine for the Blind. More than 1,000 sightless persons "saw" the play. They came from the Home for the Blind, the Industrial Home for the Blind, and Women, and scores of private homes. Many had never been in a theatre before. The curtain went up noiselessly, but the ears of the blind told them and they applauded. Before each act, Helen Bernstein, a blind lawyer rose and explained just what would happen. The scenes were set as usual in deference to the keenness of hearing of the sightless audience. The actors appeared in street clothes. Never before has such genuine pleasure, such keen attention and grateful appreciation been seen in a theatre. When asked about the play at the end of the performance, Lawyer Bernstein said that he had "seen" it six times. "That is why I could explain it to the others," he continued. "Some of these blind people will be talking about 'Within the Law' all their lives." The audience was very happy and went away chattering and carrying their theatre programmes to read again when they got home.

Mr. Veller's stirring melodrama, which interested the audience, when it was shown that even the sightless might enjoy it, will be seen at the Princess Theatre for a week beginning with a Thanksgiving Day matinee, Monday, October 20th, with the following cast of well known players: Catherine Tower, George A. Wright, DeWitt C. Jennings, and Rockcliffe Fellows.

THINGS THEATRICAL. KIM-ICK

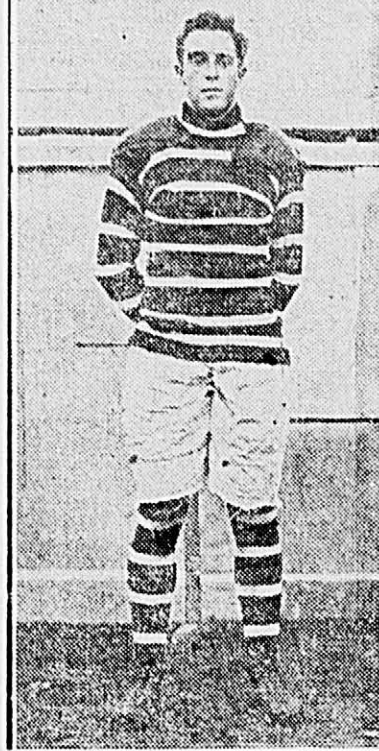

"ROB ROY" COMING SOON.

The principal comedy role, that of the Mayor of Port MacKenzie, is a bonnie and mirthful opera "Rob Roy" which will be presented for one week, commencing Monday, October 21st, at His Majesty's Theatre by the original Koster Opera Company, is played by Jefferson De Angelis, a musical comedy star and favorite for many moons. In "Rob Roy" Mr. De Angelis is credited with the most finished work of his entire stage career.

AT THE ORPHEUM.

Jesse Lasky's latest and most potent musical comedy entitled "The Water Cure" with a company of 20 and two car loads of special scenery will tour the programme at the Orpheum Theatre next week. "Wilderness" own production of "Blindfolded Plaid" with his own company from the rise of the curtain to the fall is said to one long laugh. DeLo, the wizard of the accordion is another good number. Herbert and Goldsmith will be seen in "The Dance of the Siren." A novelty (Continued on page 4.)

## GEORGE DRAPER.

McGill's speedy half-back, who may be sent in to do the kicking in to-day's game.

## SOPHOMORES BLACK FRESHMEN'S FACES

(Continued from page 1.)

outlook to watch for the arrival of any freshmen and the rest of the defenders of the grounds secured a football and had an impromptu game. Tiring of this, one lot ventured outside to capture any freshmen who might be loitering about in the vicinity and secured half a dozen victims.

These unfortunates were pounced upon with great glee and the lot of the hapless prisoners was not one to be envied. The prisoner was first thrown upon the ground on his back and his feet tied then his face was gaily decorated with numerous designs. The prisoner's hands were then removed and his head and feet anointed in whitewash after which he was rolled over on his back and his hands tied in such a manner as to make escape well nigh impossible.

At about 1:30 the invaders began to arrive on the scene of their pre-arranged meeting place but the wily Sophomores having found out all about their plans the night previous hid in a hidden place and captured the verdant youths as they came. The prisoners were conveyed to the grounds where they were handed over to the main portion of the defenders and their faces were painted as the ones who had previously been captured. Shortly afterwards the main body of the freshmen arrived on the scene and a pitched battle took place out on a vacant lot which is nearly the ground but the Sophomores quickly dispersed on the arrival of a strong contingent of the Westmount police force. The Sophomores returned to their fortress, otherwise the freshmen would have been left for parts unknown.

Not a great length of time had gone by, however, when the freshmen made their first assault on the citadel, so to speak, but they met with disaster. The invaders were completely routed, besides which the Sophomores secured about a dozen more prisoners who were immediately operated on in the same manner as the others had been. The second assault ended just about as disastrously as the first, the newcomers as they lost some men to the Sophomores in this fight too. The number of prisoners had become so great that the defenders were at a loss to know what to do with the number of men to guard them. However, this was soon remedied. The prisoners were picked up bodily and carried to such parts of the grounds that they were completely out of the sight of their partners were hurling at the defenders.

The freshmen seeing that their numbers alone would bring them victory, withdrew from the scene of action for a short time and layed plans for a more strategic invasion. They marched around the lower part of the grounds just out of range of the sophomores and tried to draw what fire they could make use up all their liquid ammunition.

The Sophomores saw through this and immediately stopped throwing the whitewash at the elusive invaders. They then relied on their numbers to overwhelm the second year men, they broke in a portion of the fence but the sophs were equal to the occasion, and held the gate as did a famous Roman defend a bridge against a host in our ancient history book.

Whitewash was used in great quantities in the defence but the freshmen broke down the fence and got partly into the grounds. Then ensued the worst fight in the history of the college. Owing to the number of prisoners the sophomores had taken, the invaders in this last encounter were about equal in strength. Real warfare had nothing on this miniature battle of the two classes and the fight continued for about half an hour. The freshmen called the sophomores appeared to have somewhat an advantage on their opponents but the freshmen had put up a great fight.

Victors and vanquished alike, then formed up in a long single line and did a snake dance around the field. Everybody then repaired to the wash room in the club house and attempted to clean up.

It was remarked by some of the bystanders that the freshmen seemed to walk rather gingerly on the cinder track, and on closer observation it was found that most of them were without shoes, and to make matters worse, nobody seemed to know where the boots were. When the freshmen and sophomores were settled in their respective sections of the stand, and a goodly crowd of onlookers had gathered for the sports, several of the sophomores were seen to mysteriously disappear and each one was wearing a broad and unsuppressible grin. Shortly afterwards these gentlemen reappeared bearing an enormous pile of boots all tied together, and covered with whitewash. There was a mighty rush of freshmen from the stands and the scene as they attempted to locate and disentangle their foot wear was ludicrous to say the least.

At the conclusion of the sports both parties formed up and did another snake dance after which they marched back to town via Sherbrooke street. This parade passed off without anything exciting happening as it was conducted in a most orderly manner. Outside of a few songs and yells which were given in rather a half-hearted way as everybody was exceedingly tired from their energetic efforts ear-

## JOURNALISTIC SCHOOL IN NEW QUARTERS

Pulitzer Building at Columbia  
Cost \$500,000

With the beginning of the year at Columbia University on September 24, the new building of the Pulitzer School of Journalism, which has been in course of construction for a year and a half, threw open its doors. The building cost \$500,000.

Save for presses and linotype machines, the new building houses what would be commercially a complete plant. Practically the entire structure has been adapted for work in journalism, and from reporters' rooms and editors' offices to libraries and clipping files it is perhaps one of the most complete buildings of its kind in the world. The basement is given over to the University Bookstore and the Spectator, the university daily paper.

In the entrance hallway are bas-reliefs of DeLoe, Franklin, Greeley, and Thomas. The first floor contains the offices of the directors and of the administrative board and four lecture rooms, two having a capacity of about two hundred and twenty-five students each.

History, politics, and economics will constitute an important part of the course in journalism, and the proposed arrangements of the second floor will place the material for the study of these subjects at the most accessible point, while immediately above the laboratory, on a mezzanine floor, will be lecture rooms for class instruction and a "City Room."

The city room has a specially constructed semi-circular desk, such as most newspaper offices have for copy reading. This desk is in the centre of the room and around it are typewriters for "reporters," file racks, telephones and all the equipment that one finds in the up-to-date newspaper city room.

The students will handle the copy, as in a real office, cover assignments, and do re-writing. On the whole the training that the students will get in the city room will be approximately the same as that which a cub reporter gets in actual service.

## COACH COMPARES YALE AND HARVARD

Does Not Find Harvard Team

Thirty-four Points Better

Than Yale

T. F. Riley, coach of the University of Maine football team, has written a comparison of the Harvard and Yale football teams for the Yale News, upon a basis of their work against his eleven.

"I wish to make it emphatic," said Mr. Riley, "that Harvard is not 34 points better than Yale. Harvard scored on the kick-off and this so demoralized our men that we could do nothing. Furthermore, Harvard got all the 'breaks' of the game and this was able to roll up a large score."

There is no questioning Harvard's superiority in the back field and the ends at the present, although Cornell is faster than any of the Harvard back players. In running back points Yale's punting also is better than Harvard's, but in drop-kicking there is no comparison between the two eleven. With the exception of the Harvard Yale game, in which the equal of Harvard's, Yale's ends do not come up to the standard of former years, although Avery and Carter are good men. The three centre men are the superiors of the corresponding Harvard players. Manning and Conney are both good men, while Ketcham is the greatest line man I have ever seen in action.

In the quarterback position, Yale is again inferior to Harvard, but neither team has any particularly brilliant players in that position. Bradlee and Logan, of Harvard, ran their team well and were slightly better than Cornish or Wilson.

## PENNSYLVANIA HAS GOOD LACROSSE TEAM

Philadelphia, Oct. 16.—With the new material which has entered the University of Pennsylvania this fall and several veterans from last year's team, the prospects for a strong lacrosse team are unusually promising. Strong support is expected from the new material, and there is an opportunity to take an active part in the development of this sport. It is probable that there will be a few fall practice games.

Lacrosse, for which Indiana is granted by the Athletic Association, is growing rapidly in popularity throughout the country, and many universities and colleges have already adopted it as a major sport. It is now a major sport at Harvard, Stevens, Johns Hopkins, Cornell, Navy and Swarthmore. The Indians have dropped baseball in favor of lacrosse. The Army, which formerly had a lacrosse team, has taken it up and arranging to take a very active part in this sport.

ier in the day. In front of Stratheona Hall the parade broke up and most of the men went into the Footers' practice and the rest dispersed in various directions.

LOOK FOR THE SHEEP ON EVERY GARMENT

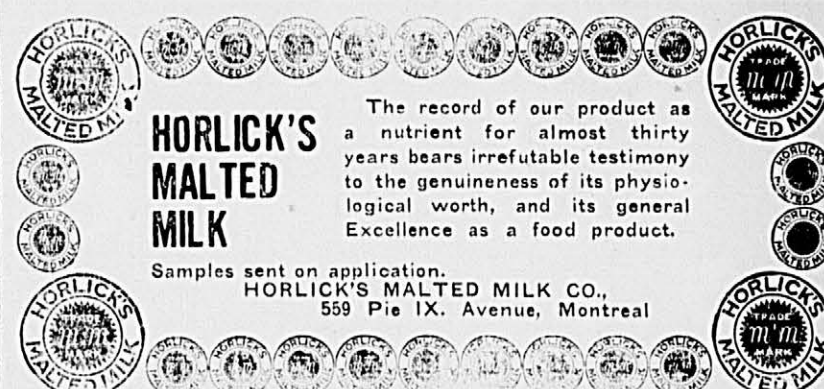

## The Charm of Cleanliness

Cleanliness exercises a charm all its own. "CEETEE" Underclothing produces a feeling of entire cleanliness in the wearer. It keeps the body fresh and sweet by absorbing all the perspiration. It is warm, cosy, comfortable and fits perfectly.

All "CEETEE" Underclothing is made from the softest, finest Australian Merino Wool only. The wool is put through a thorough treatment of combing and scouring that removes every particle of foreign matter and leaves every strand as soft and clean as humanly possible. "CEETEE" Underclothing is so soft that it will not irritate even an infant's skin. All joints are knitted together (no seam) making each garment practically one piece. It has no rough spots. Every garment is fashioned automatically during the knitting to fit the human form, thus rendering it comfortable, easy to wear, and perfect fitting. These are the reasons why "CEETEE" Underclothing is in such demand. Worn by the Best People. Sold by the Best Dealers.

## PLOT TO KIDNAP FRESHMAN FRUSTRATED BY DETECTIVE

Sophs Attempt to Spirit First Year President Away in Cab  
But Long Arm of Law Intervenes

The fates are evidently against the poor Sophomores. After the Science Smoker which was held in the Union, the Sophomores got together and decided to follow the example set by their predecessors last year and kidnap the Freshman president. After a hurried meeting five men were chosen and they, after finding out the address of the victim, drove there in a cab which they kept for the purpose of getting the intended prisoner. When they reached the abode, two of the party went to the door and asked for their prey, Mr. Hutchison. That gentleman had retired for the night, but as the callers informed his father that their business was of the utmost importance, they were at once admitted and the slumbering youth was aroused. When he arrived on the scene, and by the way, he was attired only in his pyjamas, the wily Sophomores representing themselves as Medical Freshmen, soon won their way to the innocent victim's heart. For perhaps a quarter of an hour the Freshman President and the two Sophomores discussed the plans of the Freshman Class for the morning, during which discussion the Sophs, learned all the First Year plans, then the two conspirators told the poor Freshie that a bunch of Freshmen had gathered at a certain place for the purpose of kidnapping Eric Reddy, the Sophomore president, and that they desired Hutchison to lead them in this venture. Hutchison, totally unaware of the conspiracy against him, rushed upstairs and got into his clothes, in order that he might go out and lead his trusty if imaginary followers. Accompanied by the two visitors, he left the house and started down the street. In the meantime the other three Sophomores had hidden themselves but two they pounced out and grappled with their victim and hustled him towards the waiting cab. Unknown to the second year men, the suspicious appearance of the trio who had remained outside, had been watching their actions from a nearby alley way. Seeing the scuffle and not knowing that it was merely a student's prank, he pulled his gun and night-stick and bravely came to the rescue of the unfortunate man whom he evidently thought was being murdered. The Freshman, on seeing the policeman coming to his rescue, straightway started to shriek all kinds of things, such as "Murder! Help! Police! Save me, oh save me! I'm being killed!" and, of course, the officer of the law thought that he had run up against one of the worst lot of criminals in the city, but fearlessly he started to swing his night stick and butt-end of his revolver in amongst the Sophomores. The Sophomores decided that discretion was the better part of valor, and as the policeman was a great big husky customer, they immediately released the hapless prisoner who, in the meantime, had been reduced to a state of near-prostration from fright, quickly took to his heels down the street to his dimly lit residential qualifications. The Sophomores, having lost their prey, set in on the unfortunate cop and told him in all sorts and descriptions of language and languages what their humble opinion of him was. After that he had cooled down somewhat at his request they told him what had really happened and he quietly and somewhat shamefacedly continued his weary midnight round of back lanes.

## TWENTY-THREE NATIONALITIES REPRESENTED IN FIRST YEAR

Foreigners Outnumber Canadians by Twelve—The Cosmopolitan Character of Freshman Class Shown by Figures

Now that the registration figures have been given out it is interesting to note the many different nationalities which go to make up the undergraduate body of the University. There are in all, twenty-three nationalities represented in the first year alone.

These include Iroquois, Italians, South Americans, Portuguese, Armenians, English, Scotch, Irish, and, in fact, students from almost every quarter of the globe. England, with a total of sixty-eight, tops the list of foreign countries in point of numbers, while Switzerland, China, Austria and other countries have sent but one student to swell the numbers of this year's freshman class.

The most remarkable feature of the list published below, however, lies in the fact that the Canadian students are outnumbered by those from other countries. According to the official figures there are two hundred Canadians and two hundred and twelve foreigners registered in the first year. It is unlikely that any University in this or any other country has such a cosmopolitan character as this. The complete figures are as follows:

Canadians, 200; Iroquois Indian, 1; Scotch, 30; Irish, 21; West Indian, 1; Newfoundland, 1; Russian, 2; English, 68; Armenian, 1; Chinese, 1; Hebrew, 3; French, 14; Germans, 6; Italian, 13; Austrian, 1; South American, 1; Poles, 2; Kaffir, 1; Portuguese, 2; Swiss, 1; Jamaicans, 2; Americans, 15; Welsh, 2.

## Things Theatrical

CYRIL MAUDE AT HIS MAJESTY'S

The dignity and distinction of the stage will be given a fresh enhancement with the coming to His Majesty's Theatre on Monday afternoon, Oct. 21, of England's most distinguished comedian, Mr. Cyril Maude. Mr. Maude is about the only actor occupying an authoritative position upon the English stage, who has so long delayed his coming to this country. The reason of it is not at all difficult of explanation. Few players have ever enjoyed such a tremendous popularity at home as which is Mr. Maude's portion at home. Mr. Maude will do his share of the venture well. He is bringing with him the complete productions of not less than a dozen of his most notable successes—literally tons of beautiful and well constructed scenery and stage apparatuses. His repertory is so extensive that it had required a very nice judgment to decide upon the plays that would best fit both actor and audience.

DEPARTMENT OF MINES GEOLOGICAL SURVEY.

PUBLICATIONS

The Geological Survey has published maps and reports dealing with a large part of Canada, with many local areas and special subjects.

A catalogue of publications will be sent free to any applicant. A single copy of a map or report that is specially desired will be sent to a Canadian applicant free of cost and to others at a nominal price. The applicant should state definitely the precise area concerning which information is desired, and it is often of assistance in filling an order for a map or report if he states the use for which it is required.

Most of the older reports are out of print, but they may usually be found in public libraries, libraries of the Canadian Mining Institute, etc.

STAFF VANQUISH STUDENTS IN FRIENDLY GOLF MATCH

Fourth Victory in Seven Years—Principal Peterson Entertains at Lunch in Club House

A very pleasant day on the Dixie golf links was given to some twenty odd professors and students yesterday, when the seventh annual golf match between the staff of the University and the undergraduates took place. The freedom of the links of the Royal Montreal Golf Club was extended by the President and Directors to the University for the day, and, for the third year, the students and staff were the guests of Principal Peterson for lunch at the Club House.

That the undergraduates thoroughly appreciated this kindness was shown by the hearty cheers given for the Principal on the conclusion of Norman Scott's formal motion of thanks.

Dr. Ruttan, who acted for the staff, then announced that this was the seventh of a series of matches, the last five of which had been played at Dixie. Of these the staff have won four, the students two. The other was apparently a draw, although some confusion arose over the entering of the scores, several of the players having mistaken the way the points were to be given.

In 1908 the students won by four points, in 1909 the match was drawn. The remaining matches resulted as follows: 1909, staff, 24, students, 12; 1910, staff, 26, students, 12; 1911, staff, 23, students, 15; 1912, staff, 15, students, 42; 1913, staff, 24, students, 15.

As will be seen from the detailed results below, an unusually large proportion of the matches were very close, many indeed were not decided till the last putt was holed. Dr. Malloch and E. Scott were the only pair to end all even. It was suggested by a prominent member of the staff on the conclusion of hostilities that a match might be arranged with Varsity in the near future. This would indeed help to introduce golf more fully at McGill, and from the results of the past summer it has been shown clearly that the ancient game is no longer a game of ancients, but especially a young man's game.

The points were awarded by the "Nassau" system, a point on each nine holes and a point on the match, and the results were as follows:

Principal Peterson	Staff	Students
vs. Mr. Todd	2	0
Prof. Gordon MacDougall	1	0
vs. Mr. N. Scott	1	0

BASKET BALL LEAGUE ARRANGES BUSINESS

Second Meeting Well Attended And Much Put Through

The second meeting of the Basketball League Committee took place yesterday afternoon at 5 o'clock. Miss E. Chauvin, R.V.C. Athletic president, was in the chair. First, the minutes of the last meeting were read. There was a slight discussion as to whether the motion made at the last meeting regarding the choice of president of the league should stand. A motion to withdraw this former motion was carried. Miss MacSwiney then made application for a team of graduates to enter the league. It was put in the form of a motion and carried. It was next moved and seconded that the dates within which the league matches shall be played should be decided at this meeting, but the exact date of each match should be decided later by a special committee. The Teachers' League then withdrew the application that the winners of their league should enter two teams "A" and "B," picked from all their teams. This was moved and seconded. Miss Cartwright then proposed that instead of each club playing each other, as is usual, a committee in charge of the League should be authorized to draw and that the first two clubs drawn should play each other, also should the second two clubs drawn, and the fifth should be a bye until the final is reached; also that the losers of each of these draws should play each other. It was moved and seconded that someone be authorized to call a meeting of the coaches of the Junior League. Miss Sanderson was appointed. The rules for the League were read and passed. It was moved, seconded and passed that the committee responsible for the working of the league should look after referees, time-keepers, etc. Miss Cartwright proposed that a body be chosen and empowered to draw up a constitution to be later submitted to the larger

McGILL THIRD TEAM PLAY OPENING GAME

The McGill third team play their first game this morning on the campus at 10.30 a.m. Herenice Hall, captain and Sinc McEwen, coach, have found a great difficulty in getting together enough men to pick a team from. It has been very disappointing to see the wretched turn-out or rather do not turn out for the team. However, a junior team has been picked and the McGill men will do their utmost to win this their first game. McGill will do most of the running for the team while Major will be used to do most of the offensive work on the line. Cotton, a Lennoxville man is reputed to be a very strong kicker, but Hall has been booting the ball pretty well and may be able to hold the visiting punter. Watson, at inside on the Lennoxville is spoken of as a man worth watching as he is said to hit the line very hard. The two teams are very evenly matched and can be counted upon to put up a good exhibition.

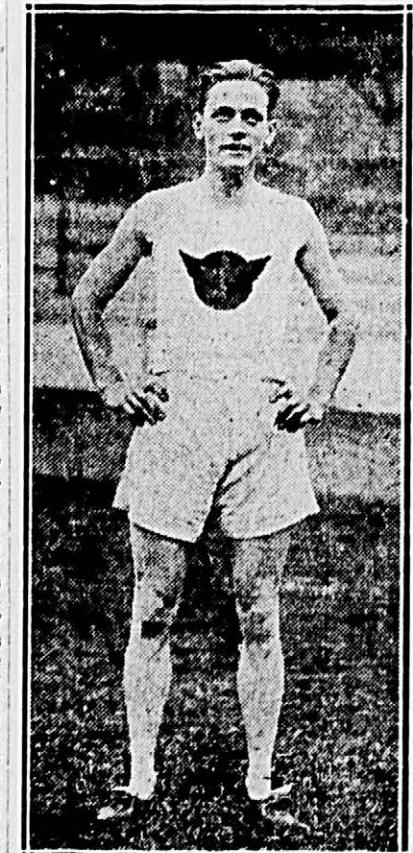

Sinc McEwen will be referee. The teams will be as follows:

McGill: Wright, Plying, W., Duff, McCall, H., Halves, B., Baker, Hall, Cotton, Robertson, Ross, McEwen, Quarter, Robinson, McDonald, Scrimmage, Cocks, W. Ross, King, Charlton, Pender, Walters, Inside W., Holbert, Bouthwaite, Inside W., Fraser, Middle W., Murray, Magor, Outside W., Reeves, Ribandey, Outside W., Bedford, Dawson, Outside W., Dickson, McGill, Subs., McCoskey, H. Ross, Smith, Lennoxville, Waterman.

This was passed. An amendment was then made that a committee of two be appointed from each club for this purpose. This was also carried. The committee appointed was Macdonald, Miss Brown, Miss Biegar, R.V.C., Miss Cartwright, Miss Chauvin, Teachers', Miss S. Roberts, Miss Simpson, Graduates, Miss Morrison, Miss McEwen. It was then moved and seconded and passed that Miss Chauvin be acting-chairman.

The meeting adjourned.

VARSITY TRACK MEN HOLD ANNUAL INTER-FACULTY MEET

Several New Records Set—Bricker Champion—Queen's and R.M.C. Very Weak This Year

Toronto, October 17.—Varsity held a very successful field day on their Oval yesterday afternoon and several new records were set. Bricker, of the Dental College, won the championship of the inter-faculty meet, and incidentally set a new mark in the pole vault. Every faculty was well represented and the crowd, which numbered close on five hundred people, had a very fine afternoon's entertainment.

The new records made were in the mile, the pole vault and the high jump.

In the mile Harold Campbell, who has won the long distance races at the university for the last few years, put Med Broek's record among the used-to-be's. Broek held the record at 4-40.45, but Campbell went the distance in 4-26.25. He had no one to press him or might have done considerably better. Bricker bettered his own mark of 11 ft. 2 in. in the pole vault by half a foot, but was unable to clear the bar when it was set at the even 12 ft. He also equalled L. A. Wright's time in the hurdles, which was 17-15.5 secs, and has stood since 1909, but Bricker's time would not hold as he knocked over several hurdles. The other record raised was in the high jump, when McKinnon, of the Meds., cleared the bar at the astonishing height of 5 ft. 8-1/2 in, thereby setting aside C. F. Barber's mark of 5 ft. 6 in, which had stood since 1905. Burness, of the School of Science, won the 220, which carried with it this year the J. W. Joddis special gold medal. The jump was made by Bricker in the broad, though not a new record, deserves mention also. He cleared 20 ft. with over three inches to spare.

All the faculties eagerly sought the honor of champions for the year, but through the great work of Bricker this fell to the Dents, with a total of 1-12 points, of these Bricker produced 15. The Ontario Agricultural College were second with 30; Meds., third with 24; School of Science fourth with 23; Arts came next with 8-1-2, and Forestry followed with 3. Trinity brought up the close with a singleton. The points were awarded 5, 3 and 1.

The results, and a comparison with those of Queen's University, of Kingston, who also held their annual sports yesterday on their own grounds, in company with the R. M. C. track team, are as follows:

Varsity 100 yards dash—First heat—1. Parney, Meds.; 2. Wilson, O. A. C.; 3. Preston, Arts. Time 11 secs.

Second heat—1. Brown, Meds.; 2. Sutherland, Dents; 3. Willis, Trinity. Time 11 secs.

Third heat—1. Burgess, S. P. S.; 2. W. J. Taylor, Arts; no third. Time 11 secs.

Final—1. Brown, Meds.; 2. Burness, S. P. S.; 3. Sutherland, Dents. Time 10-4-5 secs.

The Queen's and R. M. C. results in the 100 were not so good.

J. J. Case won, with C. C. Scott second, in 11 secs. flat.

Varsity 220 yards—First heat—1. Wilson, O. A. C.; 2. Parney, Meds.; 3. Brown, Dents. Time 24-3-5 secs.

Second heat—1. Burness, S. P. S.; 2. Willis, Trinity; 3. Holmes, Dents. Time 14-3-5 secs.

Final—1. Burness, S. P. S.; 2. Wilson, O. A. C.; 3. Parney, Meds. Time 24-4-5 secs.

Kittermaster won the 220 in Kingston for R. M. C. in 24-3-5 secs. C. C. Scott was second.

The quarter at Varsity had no heats, and resulted in a victory for White, of O. A. C. second, Seymour, Arts; 3. Burness, S. P. S. Time 5-25-5 secs. Time of 62 secs. made in this race by C. C. Scott at Kingston was decidedly poor. O'Connor got second place.

White, of O. A. C. also won the half at Varsity in the fair time of 2-04-3-5. 2. Hughes, Arts; 3. Moore, Arts. This

race was run off without heats too. The Kingston meet in this race was over a quarter of a minute slower. Revelle broke the tape at this distance, beating Ings in a good race.

The track at Queen's must have been slow indeed for the best Greenwood could do in the mile was 5 mins. 13 secs., very weak time for a university meet. Cadet Martin was second. Varsity, with Harold Campbell, Dents, working in fine shape, lowered their record to 4-26-2-5 in this race. White, of O. A. C. was second, and Clarke, Meds., third.

18 mins. 13-1-4 secs. was the fastest Scott of Queen's could do the three miles. Gilbert was second. At Varsity Stadium E. D. Campbell, Dents, plodded the distance in three seconds better than 16 minutes, an excellent showing for the event. Second, Shamp, Meds.; 3. Cluff, Trinity.

Bricker, Dents, won the hurdles at Toronto; 2. Brown, Meds.; 3. Richardson, S. P. S. Time, 17-1-5 secs. Scott of Queen's cleared his hurdles to the tune of 21-4-5 secs.

Bricker, of the Dents, was again victorious in the Varsity pole vault, when he set up a new mark of 11 ft. 8-1-2 inches. Second, Greatorex, S. P. S.; 3. Leonard, Cuts and Gardner, a tie. Over two feet and a half short of this were Queen's and R. M. C. surely even wet grounds could not account for all this. 1. Dods; 2. Countryman. Height, 9 ft. 2 ins.

Cadet J. K. Cronyn set up a new record for the Kingston meet in the high jump, when he cleared 5 ft. 5-1-2 inches, a gain of three-quarters of an inch. Macdonald was second. At the Stadium also, a new record was made in this event. McKinnon cleared 5 ft. 8-1-2 ins. gaining five points for the Meds., 2. Richardson, S. P. S.; 3. Hughes, Arts.

Bricker added another win to his credit and to the Dents, in the broad jump, cutting the turf first 20 ft. 3-1-2 inches from the balk. Aitkens, Forestry, was second, and Scott, Dents, third. McKinnon cleared 18 ft. 9 ins. in the rival meet, with Scott next. Macdonald was third.

1. McKinnon, of Queen's, won all three weight events, beating the Varsity mark also in each. R. McKinnon was second in the discus throw. The winning distance was 97 feet 11 ins. In the hammer throw Scott was second, succumbing to McKinnon's hurl of 96 ft. 3 ins. He gained second place in the shot put also. The distance of the winner in this event was 26 ft. 1-1-2 ins. The Varsity weight events presented a larger field and each fell to a different man. They resulted as follows:

Throwing 16-lb. hammer—1. Reilly, S. P. S.; 2. Brown, Meds.; 3. Carroll, O. A. C. Distance, 95 ft. 9-1-2 ins.

16-lb. shot put—1. Scott, Dents; 2. Forsyth, O. A. C.; 3. O'Reilly, S. P. S. Distance 36 feet.

Discus throw—1. Forsyth, O. A. C.; 2. Grisdale, Meds.; 3. Scott, Dents. Distance, 96 ft. 3 ins.

In these three events alone did the Kingston men show up to better advantage than the Varsity athletes. In fact, in the greater part of the programme the results from Queen's did not approach those made on the Varsity Stadium. Scott, of Queen's, gained the all-round championship of the Penitentiary Town with three firsts and five seconds out of fourteen events.

O. A. C. won the Varsity relay race, with Dents second. In the running hop, step and jump at the Limestone City meet, Scott went 40 feet 11 ins. MacPadden was second.

It would seem from all the above results that McGill and Varsity would have to fight it out for the championship of the Intercollegiate meet. The Queen's and R. M. C. track teams seem to be very weak this year.

ROOTERS OUT IN FORCE FOR PRACTICE YESTERDAY

Final Turnout of Sound Manufacturers' Promises Well for Today—Rooters Paraded to Hall for Work-out.

A well attended meeting of the Rooters' Club was held yesterday afternoon. All the Sophomores and Freshmen marched from the M.A.A.A. grounds to Strathcona Hall and led by Grey Masson, gave the yells and sang the parodies enthusiastically. Over two hundred men made every effort to create a lot of noise. The afternoon's shouting did not seem to have decreased the volume of sound which was made. Grey Masson urged all those present to turn out and show the same spirit to-morrow. There are three necessities to become a rooter and in the choice seats, these are 1st, wear a red or white sweater; 2nd, cut the songs from to-day's Daily, and 3rd, bring your voice with you.

President Keating, of the Science Undergraduate Society, spoke for a few minutes at the end of the meeting. He congratulated the Freshman and

NOTED MEN COMING TO BROWN UNIVERSITY

English University Professors Will Give Lectures Next Year

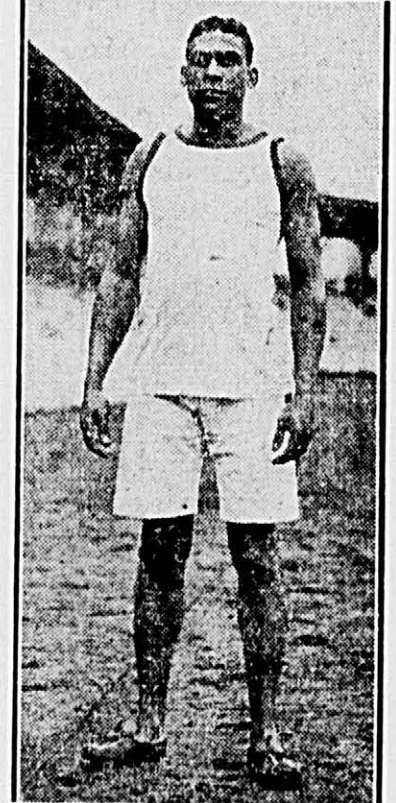

Providence, Oct. 16.—Sir Walter Raleigh, since 1904 professor of English literature at Oxford University, has accepted an invitation to give four lectures on "Chaucer" at Brown University in 1914-1915. Professor Raleigh, one of the best known of Englishmen of letters, is the author of works on Milton, Wordsworth, Shakespeare, and the English novel.

Professor Edward Alexander Westermarck, professor of sociology in the University of London, will also give four lectures. He is the foremost living authority in the field of his special studies.

Among American scholars who will lecture at Brown are Professor Paul Shorey of the University of Chicago, Professor Frank W. Taussig, of Harvard University, and Dr. J. Franklin Jameson of the Carnegie Institution at Washington.

These series of lectures, extending well into the winter of 1914-1915, will hold a prominent place among the events celebrating the 150th anniversary of the founding of Brown University. The more formal commemorative exercises will be held during the week of Oct. 11-17.

MANY EXCITING AND CLOSE CONTESTS

(Continued from page 1.)

ner by quite a distance. He seems to be a very strong runner and although he has in Campbell, of Toronto, a hard man to compete against, ought to do well in the Intercollegiate meet.

Ralston, who was running fourth in the last lap of this race, collapsed when about half way around the track and lay on the cinder path for several minutes before anybody could reach him. He had a stitch in his side and was suffering pretty badly when some of the judges who ran to his assistance reached him. However, he was all right shortly afterwards and was walking around again by the close of the meet. Lowry was second and third place went to Rutherford.

Eric Cushing had things all his own way in the pole vault and only had to clear the bar at 10 ft. to beat out Klein who was the only man that could be counted upon to give him much competition. Parsons only did about eight feet but there being only three entries, he secured a third place. The half mile went to White, of Macdonald College, who ran a very pretty race. The time was about three seconds faster than the time at the Toronto meet. Both Hovey and Woods who ran second and third respectively put up pretty races.

The 120 yards hurdles had to be run in two heats and a final. The first two men in each heat were to run in the final. In the first heat Lockhart and Cushing came first and second respectively, and in the second, Pope and Parsons being the only two to enter. In the final Lockhart captured the first place with Cushing a good second and Parsons third. Lockhart showed a tendency to beat the gun and must be careful or he will be penalized for his impudence by the Intercollegiate officials.

In the broad jump Klein was first, Cushing second and Rittenhouse third. Klein's jump of 18 ft. 11 ins. does not appear very good beside the distances down in the Varsity and R.M.C. meets.

In the shot put, Sutherland beat out MacDougall, the former's best effort being just exactly one foot further than Mac could do.

Sutherland also won the discus, throwing it 88 ft. 2 ins. not much of a throw, but as MacDougall fouled on all his three attempts, Sutherland met with no opposition and so was credited with a first.

The relay race was cancelled.

The individual championship went to Cushing, who scored fourteen points, getting a first and three seconds. Sutherland was second with thirteen points, he getting two firsts and a second.

The officials were as follows:—Referee—Dr. Tees.

Track Judges—Principal Peterson, Dean Moyse, Dr. Elder, Mr. Gordon Bowie (M.A.A.A.), Dr. Harvey.

Field Judges—Prof. Ludlow, Dr. Barnes, Dr. R. A. Powell, Mr. S. G. Dixon, Dean Adams.

Starter—Dr. C. J. McMillan.

Scorers—J. C. Lee, A. Oliver, W. Coates, J. S. Hall, W. P. Hughes, R. L. Gale, K. T. Keeping, L. A. Couillard.

Clerks of course—W. S. Lamb, G. S. Mackenzie, H. P. Stanley.

Timekeepers—Prof. Brown, R. E. Melville (M.A.A.A.), Prof. McCloud.

Announcer—L. H. Roberts.

Below is a list of the different events, with the winners' names and times made:—

Pole vault—1. E. Cushing; 2. B. Klein; 3. E. Parsons. Height, 10 ft.

100 yards—1. Hillier; 2. Heron; 3. Legault. Time, 17-2-5 secs.

Half-mile—1. E. G. White; 2. Hovey; 3. Woods. Time, 2 mins. 6 secs.

16-lb. hammer—1. McDougall; 2. Sutherland. Distance, 122 ft. 6 ins. Record.

High jump—1. Dougall; 2. Cushing; 3. Evans. Height, 5 ft. 4 ins.

16-lb. shot—1. Sutherland; 2. McDougall. Distance, 37 ft. 9-1-2 ins.

220 yards—1. Fraser; 2. Legault; 3. Heron. Time, 24 secs.

Broad jump—1. Klein; 2. Cushing; 3. Rittenhouse. Distance, 18 ft. 11 ins.

One mile—1. Cromlie; 2. Lowry; 3. Rutherford. Time, 4 mins. 50-3-5 secs.

Discus—1. Sutherland. Distance, 88 ft. 2 ins.

120 yards hurdle—1st heat, 1. Lockhart; 2. Cushing; 3. Armstrong; 2nd heat, 1. Pope; 2. Parsons. Final: 1. Lockhart; 2. Cushing; 3. Parsons. Time, 17-3-5 secs.

440 yards—1. Hovey; 2. Dougall; 3. Fraser. Time, 54 secs.

Three mile—1. Cambridge; 2. Gerrie; 3. White. Time, 16 mins 43 secs.

## SPORTS DAY

Sports Day has come and gone without any trouble having occurred between the students and police, and everyone, especially those at the head of affairs in the University, may now look forward to the remainder of the session with equanimity. The day of all days on which an encounter with the Montreal force might be expected, passed off quietly and without disturbance of any kind to the inhabitants of the city at least.

This is in pleasing contrast to what has happened in other years, and proves beyond all doubt that the blame for any previous battles with the police does not rest entirely with the students, as might be inferred from reading the newspapers after any of those unfortunate occurrences. Yesterday, as usual, the freshmen and sophomores formed up and paraded back to the University grounds and, except for a few yells and songs, did absolutely nothing to attract the attention of the guardians of law and order. This was, no doubt, due in part to the requests made at the grounds for an orderly parade, but even if this had not been done, it is doubtful if the students would have done anything to warrant an attack by the police such as was made last year.

This is the best indication that has so far been given of the new point of view held by the undergraduates on matters of this sort. The old feeling of antagonism towards the police force and trouble-making property owners, seems to have died down considerably, while a desire to prevent the name of McGill from being dragged in the mud by unscrupulous cub reporters is also apparent. Yesterday, the first and second years organized themselves for the inevitable scrap at the M.A.A.A. grounds, and the results were startling to say the least. However, all the horse-play which took place, was confined to the grounds and inconvenienced no one but the participants. The spirit of friendly rivalry which is always shown between the first two years, was in evidence throughout the afternoon but no ill-feeling was shown. Taking everything into consideration, it was one of the most successful Sports Days in the history of the University and set a precedent which will be difficult to follow in years to come.

## TO-DAY'S GAME

The McGill campus to-day is to be the scene of what will no doubt prove the crucial football struggle of the season. The team which wins will be practically assured of the Intercollegiate championship, notwithstanding the fact that it is only the second game on the schedule. Both Toronto and McGill will go on the field determined to win, but not at the sacrifice of sportsmanship; and the result should be a game worthy of the two old rivals in sport.

McGill and Varsity have been playing football against each other for many years now, but seldom if ever has the spirit of rivalry overshadowed the basic principle of clean amateur athletics—sportsmanship. The two teams are usually contenders for the championship and, as a consequence, their games are the two most important and keenly-contested on the schedule. Unlike certain other teams, however, which are in the same position, no rowdism is ever seen on the field whatever way the contest is going. Every McGill student with red blood in his veins will be out to-day doing his best to root the Red and White to victory, but, if the team loses no doubt we can take defeat in the way we have always done in the past.

## THE CASE OF MARSH

The passing of another Sports Day naturally brings to mind the sad case of Marsh, the old man who was an innocent victim of last year's fight with the police. His case was brought before the meeting of the Students' Society by Dean Moyse, and, although a certain amount of money has been subscribed to relieve his distress, the sum is pitifully small when the unfortunate circumstances in which the injured man has been placed are remembered.

At the meeting a hat was passed and a few dollars collected. Since then several class officers have begun to collect subscriptions for the purpose of helping Marsh out of his difficulties. One obstacle in the way towards collecting sufficient money to be of any practical value, is the lack of organization. None of the class officers who are collecting have been authorized to do so; it is simply personal matter. There is no one at the University, who, when the story of the accident is known, would refuse to contribute to fund. All that is necessary is for the class presidents or secretaries to get together and organize a campaign to collect subscriptions. Every student would be a willing contributor to the fund. Nothing should be done and done quickly while the matter is in the minds of the undergraduates.

## CORRESPONDENCE

The following letter was received at the McGill Daily office yesterday afternoon:

To the Editor of the Daily,

I trespass on your space to suggest that it would be well if some authoritative statement could be published in regard to the Gage matter, and the stand taken by the McGill officials in regard to his playing with the Varsity team. I feel certain that newspaper reports of their attitude, but consider the following statements which have appeared in the local press.

Prior to last Saturday's games the local papers stated that the McGill executive had decided to protest Gage, as he had played professional baseball, and added that the executive was in communication with the officials of the R.M.C. Club to find out if they would take a similar stand. These reports were also careful to point out that the McGill executive were not actuated by any desire to cripple the Varsity team by depriving it of a star flying wing, but were forced to protest Gage in order to protect some of their own players who participate in other sports. If I remember rightly the reports stated that McGill could not allow Gage to play because of satisfaction so, the amateur standing of George Draper, a swimmer, and of George Laing, a tennis player, (to say nothing of the rest of the team), would be jeopardized. Having played with or against a professional, there would be danger of these two men being debarred from competition in the sports in which they respectively excel. McGill was reproached as saying in effect, "We must keep Gage out of the game to protect the amateur standing of our players."

Contrast this attitude with that attributed to the McGill executive by the local press since last Saturday's games, when Gage lined up with Toronto. Briefly stated it is this: "McGill has decided not to protest Gage, as, apparently, Varsity is crippled by the injuries of several men already, and there is no need to deprive them also of Gage. Judging from last week's results we can beat them, Gage or no Gage, so we will pass up that protest."

I am not stating that this is the position of the McGill executive; on the contrary, I feel sure it is not. But it is the stand which reports in the local papers, however erroneous, indicate them to have taken.

It seems to me that there is only one way to look at the matter. If Gage is really a professional, according to the somewhat strict definition of athletic law in Ontario, he should not be allowed to play, not only to protect our players, but for the equally logical reason that the rules should be enforced. If he is not a professional and there is no cause for protest then announce the fact. But above everything else do not let anyone get away with the idea that the McGill officials decide as to the protesting of a player on grounds of expediency, objecting when it seems that his disqualification would help their chances and acquiescing to his appearance when they believe that through injuries to other players on the same team it would not materially affect the result of the game.

In closing, I would say that I am not writing this in any spirit of criticism of the McGill officials, but, because, on reading local newspaper reports, I feel about the McGill view point, has been misrepresented and desire to bring the matter to the attention of those who can set football followers right on the matter.

Yours sincerely,  
JOHN KERRY.

The writer of this letter would have been perfectly correct in everything he mentions in his communication; but for the fact that the following short article appeared on the front page of Thursday's Daily and should have settled once and for all, all doubts as to Gage's standing. The article printed below is the one which appeared on Thursday and can be taken as perfectly correct in all its statements.

"There has been much speculation lately as to the probability of McGill protesting Charlie Gage, the Varsity flying wing. It was definitely stated yesterday evening by one of the football executive who is in a position to know, that no steps would be taken by McGill to have Gage barred from Intercollegiate Rugby circles."

"It seems that Gage has taken out his amateur card and, consequently, the matter is brought to a close, and as far as any of the Intercollegiate teams are concerned, none of the players need worry about losing their amateur standing. It is very satisfactory that this matter is settled with, once and for all, as both this season and last Gage's standing has been the reason of a good deal of comment and a certain amount of disturbance in Intercollegiate athletics."

## ANNUAL SCIENCE RUSH HELD AT QUEENS

Freshmen Are Vanquished After Putting Up Stern Fight

Kingston, October 17.—Last Tuesday morning at a few minutes before nine the Science Sophomores of Queen's met the Freshmen in their annual conflict. After half an hour's fight the freshmen, according to precedent, were lined up along the fence on the Stuart street side of the lower campus and were ready to be turned over to the decorators. There was more doubt in the outcome of this rush than in any that has occurred for several years, and at one time it looked rather black for the Sophomores' chances. The freshmen, however, were finally subdued after providing one of the best fights in some time.

Very little secret was made of the date of the rush and the fact that the freshmen had a certain amount of preparation and organization undoubtedly contributed to the difficulties that the sophomores experienced. Each member of '17 was supplied with an egg and a handful of shoe-blackening a combination that was used as a shampoo upon their first opponent, and the shock of this encounter upon the sophomores gave the freshmen an advantage at the start.

In the rush itself and in the painting, the sophomores rigidly followed precedent, but in displaying their victory to the town they assumed a new and decidedly successful programme. The freshmen were formed in lock step at intervals along a rope and in this way were paraded over the usual route, chaperoned at each end of the line by a dray, or more properly, a float, reserved for sophomores alone. After the celebration had disbanded at Princes and Wellington streets, the freshmen again formed in lock step and gave a very creditable performance of the snake dance through Steacy's, Knox's, and several other of the city's largest establishments.

Several minor injuries were reported, most of them being cuts caused by forcibly resisting freshmen from cutting their class-mates loose. One of the wounds incurred in this way required some slight stitching at the hospital, but none of them are of any serious nature.

## Highest Quality Is But Part of OUR SERVICE TO MEN IN AUTUMN APPAREL

Overcoats, Suits, Hats, Shoes, Gloves, Shirts, Cravats, Hosiery, Handkerchiefs, Underwear, Sweaters.

This is the very time of the year when cold autumn days must of necessity turn men's thoughts to the need of warm apparel.

We feel that our personal service in Men's Attire is fully abreast of each man's requirements whether it be a warm comfortable Burberry Overcoat, a Semi-fitting Sacque Suit, hand-tailored Wool Shirts, or imported English Silk Cravats.

The styles most favored are represented in Our Store for Men—there is a distinction in our Suits expressive of the progressive banker and professional man.

There is the atmosphere of an exclusive Regent Street shop suggested by our exhibits of imported Silk Neckwear, English Gloves, Scarfs and Collars.

We make a personal study of men's requirements for both formal and informal dress occasions which gives to those purchasing in these sections the confidence of right selection.

## MEN'S HAND-TAILORED WOOL SHIRTS--AT \$2.50

FEATURES—Smart new patterns from abroad, hand-tailored in our own factory, fast color materials.

More and more are men finding the soft wool shirt with double cuff acceptable for every-day wear. Its comfort emphasizes its popularity and vogue.

## FITTED TO FORM SUITS FOR MEN--\$28 TO \$35

SPECIFICATIONS—No padding in shoulder, new shape, two or three button styles, snug cut skirt, new narrow shape sleeve.

We know men will be enthusiastic the moment they try on one of these imported suits—all we ask is that you permit us to show their merit.

## Henry Morgan & Co. Limited

MAKERS OF MEN'S CUSTOM TAILORED SHIRTS

## ROOTERS' CLUB SONGS

CUT THIS OUT FOR GAME TO-DAY.

(Tune, "Row, Row, Row.")

So now we'll shove, shove, shove,  
Way up the gridiron 'we will shove,  
shove, shove,  
Another kick we'll send them every now and then  
We won't tell them when,  
We'll run around the end, I guess,  
Will food old Varsity,  
And then we'll shove, shove, shove,  
Varsity farther we will shove, shove, shove.

That's their line we will be  
And then I guess you will see,  
Another score, score, score.

Get a wiggle on, get a wiggle on,  
Get a wiggle on, get a wiggle on,  
We're ready to start,  
We've been trying to,  
Now we want to hear you,  
Get a wiggle on, get a wiggle on,  
We're ready to start.

They say that Paisley, he ain't got no style,  
He's got style, all the while,  
He's got style, all the while,  
They say that Paisley, he ain't got no style,  
He's got style all the while, all the while.

(To the tune of "Marching Thru' Georgia.")

Now our team is on the field, ev'ry nerve and muscle stealed  
And determined that they'll win or die today,  
See those fellows sure and strong, ready all the line along  
Varsity will have to break and fade away.

(Chorus.)

Cheer, then cheer for old McGill,  
boys  
Halee your voices in a song,  
We must beat them on the play,  
For we're out to win to-day,  
And the team in red and white'll move along.

(Tune, "In My Harem.")

At McGill, McGill,  
There's Laing, Draper, Paisley,  
And they're at it every minute,  
Sure Varsity's not in it,  
Queen's for breakfast and dinner,  
R. M. C. will do, you can bet they'll chew them up, because we're out for gore  
At McGill, McGill,  
There's Monty, Chuck and Brophy,  
And we shout and sing  
Till we make the campus ring,  
With the echoes of old McGill.

(Tune—"Ev'rybody Two-Step.")

Ev'rybody turn out and yell for Old McGill,  
Ev'rybody turn out and join the rooting drill,  
Give your yell with all your might,  
Ev'rybody turn out and turn out right,  
If you want to turn out, don't think you shouldn't dare,  
Ev'rybody do it—Nobody ought to care,  
Ev'rybody wiggle, wiggle—then you start a row, Ev'rybody turn out now.

(Tune—"That's How I Need You.")

Like the good Profs, pull the students,  
Like the students raise the din,  
Like the tennis already won,  
So the Rugby Champ, we'll win,  
Like the field sports, we will capture,  
And the records break a few  
By the score we beat the M.A.A.A.  
That's how we'll beat you.

(Tune—"Take me to that Swanee Shore.")

Oh, won't you take me to that football game,  
So I can see Old McGill play once more,  
Paisley's there—he's a bear,  
There's Draper and Monty,  
There's Tooley and Brophy,  
And many more, no time have I to name,  
The boys just arrived, now watch them  
Down on the Campus there,  
That's where the battles fare,  
Take me to that football game.

(Tune, "Dixie.")

You want to be, you want to be  
You want to be in old McGill, boys,  
Where the Red and White are in the fight,  
Morning afternoon and night,  
You want to see, you want to see them,  
You want to see our team rip thru'  
You can tell the world the cup comes to  
M-C-G—well, we all know how to spell it  
For we're going, you bet, we're going;  
Yes, we're going to win to-day.

(Tune, "What's the Matter with Father?")

What's the matter with George Laing  
he's all right,  
What's the matter with Paisley, he's all right,  
Now all you fellows from Old McGill,  
Cheer that team till their hearts do thrill,  
What's the matter with our team,  
they're all right.

TORONTO YELL

Toronto! Toronto! Toronto, Varsity-ee,  
We shout and fight for the blue and white  
And the banner of V. of T.,  
With a Ripperty, a Rapperty  
Ripperty, Rapperty ree  
Toronto! Toronto! Toronto Varsity-ee.

PARODY

We got you! We got you. We got you,  
Varsity-ee,  
We shout and fight for the Red and White,  
And the banner of McGill,  
With a Ripperty, a Rapperty  
Ripperty, Ripperty ree  
We got you! We got you. We got you,  
Varsity-ee.

(To the tune of Tammany.)

James McGill! James McGill!  
Peacefully he slumbers there,  
Blissful though we're on a tear,  
James McGill! James McGill!

## Na-Dru-Co Laxatives

are different in that they do not gripe, purge nor cause nausea, nor does continued use lessen their effectiveness. You can always depend on them.

25c. a box at your Druggist's, 178  
National Drug and Chemical Co.  
of Canada, Limited.

## THINGS THEATRICAL

(continued from page 2)

animal attraction will be Rafayette's dogs, Hal and Francis will present the comedy sketch, "Down on the Farm." Max Laube, the "Human Bird," as he has been called will present his original act in which he imitates birds and musical instruments very cleverly. The physical culture girl, Helen Hessler who claims to be the most perfectly formed woman in the world will be seen in a posing act.

AT THE GAYETY.

Miner's "Big Frolic," an amalgamation of the former Miner successes, will be the attraction at the Gayety theatre next week commencing Monday matinee.

Miner's "Big Frolic" present an entire new book by Dave Marion called "Mixed Pickles," which is in three acts and five big scenes and was produced by James Gorman, the producer of the George M. Cohan musical shows which alone is a positive assurance of a jolly afternoon or evening's entertainment.

Sam Hice, well known to the many patrons of burlesque is the featured comedian and is surrounded by a most capable company, including, Blanche Curtis, Margaret King, Lulu Beeson, Lena Daley, Chester Nelson, Felix Rush, Harry Lorraine, Harry Keeler, Frankie Grace, and Miner's wonderful chorus of beauties.

The scenic equipment is massive being one of the largest productions ever sent on tour with a burlesque show while the costumes are the latest designs of New York and Paris. The electrical effects are brilliant and startling. The company is one of the largest that has ever been seen with a Miner attraction before and this firm being noted for large productions in the past through the excellent performance given by their "Americans" and "Bohemians," Miner's "Big Frolic" is said to eclipse all former efforts.

## INTER-YEAR TENNIS

STANDING AT R.V.C.

The present standing of the R.V.C. Inter-year Tennis Tournament is:—  
Seniors, 60 points, with 5 matches still to be played.  
Juniors, 60 points, 5 matches unplayed.  
Sophs, 38 points, 6 matches unplayed.  
Freshmen, 79 points, 2 matches unplayed.  
If the unplayed matches are not off by Wednesday, Oct. 22, the points will be lost by the defaulting years.

## BOOK-KEEPING

A special class in Book-keeping, on Monday, Wednesday and Friday Evenings from 7.30 to 9.30, to be taught by a man teacher (an expert Accountant from New York) will be organized at

MISS GRAHAM'S  
BUSINESS COLLEGE  
109 Metcalfe Street.  
Friday Evening, October 17th.  
Tuition, \$4.00 a month.
